# TOM CORBETT

## PROFESSIONAL EXPERIENCE

### InVintory Wines – Toronto

Lead development of 3 interdependent SPA web clients. Joined the company pre-launch and helped grow to 50,000 users. Defined all architectural decisions during this expansion and spearheaded improvements to code base to match pace with aggressive feature release schedule. Regularly engaged with design to solve product problems. Mentored junior developers to intermediate level.

OCT 19-JUN 22

### Array of Stars – Toronto

Senior UI Developer contracted for a broad portfolio of projects, from 3D visualisers for EDM artists to menu sites for Toronto's finest caterers. Helped develop the core stack of web technologies that power the most ambitious projects for Sony TV shows, VR experiments and more.

DEC 16-SEP 19

### OneMethod – Toronto

Front-end UI Developer for dynamic advertising agency, leading interaction design decisions and defining tech stacks on major projects for Nestlé, Kijiji, and the CFL. Worked to establish culture of communication between design & development teams.

JUL 15-AUG 16

### Rook Design Ltd. – East London

Founder, Designer & Developer of digital design agency Rook, who specialise in engaging identity design and mobile-first web development with bold, playful visuals.

OCT 14-PRESENT

### Halsbury Travel Ltd. – Nottingham

Developed disparate assets of seven products into a family of brands, sharing styles and code. Personally responsible for redesigning these brands' websites, leveraging Atomic Design principles to provide responsive solutions which received consistently positive feedback.

MAR 13-JUN 15

UI developer trained as an architect. Originally from Kent, England. Seeking to share enthusiasm for bold, brilliant digital design with a standout team.
